

“Staithe Stories” - Can you help?

The Staithe Artists lived and painted locally at the end of the 19th Century.

Do you know any hidden histories about these artists or the locals who knew them?

We would love to hear from anyone who can tell us more about them.

We also need people to help collect these stories and to transcribe them.

If you have a Staithe Art Group story to share or would like to be involved, please contact the Pannett Art Gallery.
